WORK EXPERIENCE

SENIOR WEB DEVELOPER

Specific-Group, Austria, January 2023 – Present

- Participating in a project as a senior developer and business analyst
- Ongoing project manages restaurant affairs from placing orders by customers or waiters then managing kitchen/bar affairs and issuing and signing invoices based on Austria tax legalese, managing staff and their shifts, producing different reports, pushing data as runtime to different devices and android apps.
- Services hosted on Microsoft Azure and use Azure services (Push Notification, Azure Dev-Ops and pipeline, Insight)
- Based on Microsoft ASP.Net core, CQS, EF
- RESTful APIs are designed in such a way that different clients (web and Android apps) use shared services like BFF to prevent duplicated services.
- Project includes 3 web applications (contractor's portal, client's portal, guest web app) and 3 Android apps (customer app, waiter admin app, kitchen/bar app).

SOFTWARE ARCHITECT

Golrang System LTD, Iran, Tehran, January 2022 – January 2023

- Leading backend team and mentoring junior developers
- Analyzing the project requirements from clients to determine the feasibility and the steps to be taken to meet their objectives
- Communicating with the clients to discuss the proposal for meeting their objectives and making adjustments, as needed

SENIOR DEVELOPER
